ABOUT THE ICC INTERNATIONAL COURT OF ARBITRATION

The International Court of Arbitration is the world's leading arbitral institution. Since 1923, we have been helping to resolve difficulties in international commercial and business disputes to support trade and investment.

We perform an essential role by providing individuals, businesses and governments alike with a variety of customisable services for every stage of their dispute.

Although we are called a court in name, we do not make formal judgments on disputed matters. Instead, we exercise judicial supervision of arbitration proceedings.

Our purpose is to ensure proper application of the ICC Rules, as well as assist parties and arbitrators in overcoming procedural obstacles. These efforts are supported by the Court's Secretariat, which is made up of more than 80 lawyers and support personnel.

English and French are the Court's official working languages. However, we can administer cases in any language and communicate in all major languages, including Arabic, Chinese, German, Italian, Portuguese, Russian and Spanish.

We continuously seek to improve efficiency, control time and costs and aid enforcement and confidentiality by introducing innovative new arbitration tools and procedures. This ongoing focus makes certain that we are always in touch with the concerns and interests of trading partners throughout the world.
