**Wednesday, 15 April 2020 - 3:00 pm to 4:00 pm (IST)**

COVID-19 (Coronavirus) is having an unprecedented and devastating impact on global businesses. Travel restrictions, disrupted supply chains, subdued demand, and labour issues have unsettled global markets and it is inevitable that parties will default on contractual obligations, financing prerequisites and timelines for performance. To cope, parties will seek to renegotiate, suspend or end their contractual arrangements.

To address these issues, this webinar from Khaitan & Co, ICC India and the ICC International Court of Arbitration brings together a panel of legal experts to highlight the likely impact of COVID-19 on corporates and businesses in India and share practical insights concerning the force majeure issues that impact businesses.
