Webinar Series Objectives

Critical Issues in Documentary Credit Transactions – how to get the best effect of this instrument

When we analyze some of the Documentary Credit use cases, questions that come up are:

- Whether the documentary credits are drafted/structured in such a manner so that some of the terms and conditions cannot be complied with by the beneficiary?
- What are the roles of issuing banks in drafting such documentary credits?
- How are the beneficiaries accepting documentary credits with risky conditions? *Is it ignorance or overconfidence?*
- How familiar are the beneficiaries, with Documentary Credits as a trade product?
- Basic idea of ISBP 745 (International Standard Banking Practice on examination of documents under documentary credits)
- How are the negotiating banks/nominated banks handling such transactions and in some cases financing such transactions?

The objective of the sessions are to examine key concerns facing the stakeholders and help them alleviate the challenges with an intent to ensure a positive outcome.

Digitalization of Trade Transactions

With the initiatives towards digitalizing trade gathering steam, questions that come up are:

- How will digitalization impact trade transactions?
- What are the roles of banks as intermediaries in an era of digitized trade?
- How are the stakeholders placed to accept digitized documents?
- How familiar are the stakeholders with the digitization initiatives?
- How will digitalization impact international trade?
- What are the initiatives and updates on ICC Digital Standard Initiative (DSI)?

The objective of this session is to examine key areas of concerns that agitate the minds of the stakeholders and to assess the impact of the ICC DSI initiatives on trade digitalization.
Webinar Series Outcomes

Upon completion of the webinar, the participant will exhibit competence at basic levels with regard to the following:

- Developing necessary skills which will assist the participants in avoiding conditions or structure which might result in unintended consequences.
- Developing the ability to adopt a cautious approach in handling such transactions
- Ability to understand the various nuances of trade digitalization
- Appreciate the benefits of the digitalization initiatives
- Participate in ensuring success of the digitalization initiatives
- Understand the impact and positive outcomes of trade digitalization
